

Third-Party Technology List

Updated December 20, 2019

TYPES AND PURPOSES OF COOKIES AND OTHER TECHNOLOGIES

The following table sets out the different categories of cookies and other technologies or tools that our *Mattel Sites* use and why we use them. Since business structures and relationships may change, the list below may not always be comprehensive or up to date. Different *Mattel Sites* within *Mattel Services* use different technologies so not all of the technologies appear on every *Mattel Site*.

Type of Technology	Purpose	Third-Party Partner or Tool	Privacy Statement	Opt-out Options
Functional cookies	These provide functionality that help us deliver the <i>Mattel Services</i> to you. For example, cookies help deliver text in styled fonts, manage other cookies, enable you to watch videos on our sites, remember your user name, password, preferred browser or language, or remember your product selections at our shops. 		Verizon/Oath (BrightRoll, Yahoo Ad Exchange)	https://policies.yahoo.com/us/en/yahoo/privacy/index.htm	NAI, DAA

We support the U.S. cross-industry Self-Regulatory Program for Online Behavioral Advertising as managed by the Digital Advertising Alliance (DAA). As part of this service, our online advertisements and *Mattel Sites* are sometimes delivered with icons that help consumers understand how their data is being used and provide choice options to consumers that want more control. For more information about network advertisers that participate in these programs, including information about how to opt out of technologies that they control, please follow the directions on the AdChoices icon within any interest or behavior-based advertisement. Some of our Sites may also include the AdChoices icon on the home page. You can also visit websites operated by the [NETWORK ADVERTISING INITIATIVE](#) or the [DIGITAL ADVERTISING ALLIANCE](#) in the U.S., or by the [EUROPEAN DIGITAL ADVERTISING ALLIANCE](#) in the European Economic Area (EEA), to access opt-out tools available from those participating in the program. Participating network advertisers will be listed at those sites. Opting out means that you will still see ads, but they may not be tailored to your specific interests. **Please note:** Your opt-out choices are browser-specific and device-specific. Not all of our *third-party technology partners* participate in these programs.

You can also set your computer to warn you each time a cookie is being sent or turn off all cookies (except Flash cookies – see below) through your internet browser (e.g., Chrome, Safari, Edge, Opera, Internet Explorer, etc.). Check your browser's Help menu to find out how. You can also use tools like Cliqz's [GHOSTERY APP](#) to identify and make additional choices about many technologies, including cookies. Flash cookies are different from browser cookies because of the amount of, type of, and how data is stored. Cookie management tools provided by your browser will not remove Flash cookies. To learn how to manage privacy and storage settings for Flash cookies click [here](#).

Please note that if you do not accept cookies or other technologies, some features or activities may not be available to you.
